WRIGHT OR WRONG TRIATHALON RULES

Breakaway: Contestant will begin in the heeling box with rope in hand and goat string. Contestant will begin the run by calling for the calf. No barrier will be used. The catch-as-catch-can rule shall apply after the loop has passed over the calf's head. It must hold until the rope is pulled from the roper's hand. If it is a legal catch, the rider advances immediately to section two of the event. If the rider misses or the rope didn't pass over the calf's head, they must return to the box and go around the barrel 20 feet out from the head box before advancing to section two.

Barrels: Horse must stay in forward motion and complete the legal cloverleaf barrel pattern. If pattern is broken, it results in a no time. If a barrel is tipped over, it results in a 5 second penalty. The contestant will then proceed to section three.

Goat tying: Goat tyer must throw the goat by hand, cross and tie three legs. If the goat is down when the contestant reaches it, the goat must be stood up and re-thrown. Contestants may tie with either a goat string or goat pigging string, but must be a legal tie. Once the contestant completes their tie and backs 3 feet away from the goat, it must stay tied for 6 seconds. A goat that kicks out of the tie results in a no time. A horse that crosses the goat rope or has contact with the goat results in a 10 second penalty.

The contestant with fastest time wins! Payout will be based on number of entries.
